Dear Mr. Whitehurst.

Sorry I was given the wrong address and the enclosed letter was returned.

I have also written the attorney general about her reported decision to limit any new look at the King assassination to the allegedly "new evidence" which I believe is not real.

I think that the record of the FBI's Lab in the King and Kennedy investigations could do much to bring needed reforms if there is a real and a meaningful inquiry.

Thanks for what you have done in that direction.

Sincerely,
